

# Distance Learning 'Key Lesson'

Week beginning: 06.07.20

Key Lesson - Adding the suffix -less to make adjectives.

### I do:

A suffix is a group of letters we add to the end of a word to change its meaning. There are lots of different suffixes. This week we are going to look more carefully at the -less suffix. When we add the suffix -less to a word it changes the word that can be used from a noun or verb to an adjective.

For example,

They could not use the broken car.

In this sentence the word use is a verb.

If we add the suffix -less to the word use and put it into a sentence it becomes an adjective.

The broken car was useless.

When we add the suffix -less the word means having none.

So useless means having no use.

## We do:

Look at these words:

helpless, useless, hopeless, nameless, loveless, careless, thoughtless, painless, fearless, spotless

Can you read them all aloud?

Can you whisper them?

Can you say any of them in a sentence?
